

Building Homes, Building Hope

Thank you to this amazing community! You help build homes for our family partners, giving them hope for a better life. Then when a disaster strikes, you give even more of your time, your money and your hearts to help those in need. We are so blessed!

As we gear up to start on flood repairs, we are still finishing up three new homes and two recycle homes, and getting ready to break ground on two sets of townhomes.

The locations for the townhomes are:

750 East 2nd Street

Westside Avenue—address to be determined

Our newest families getting ready to build their homes are:
Cinthia Ravanales and her two children.

Yesenia Valdez & Brett Woehrer and their two children.

Ingrid Barcenas, her son and her two siblings

One more family will be selected soon.

Once again, we believe we have selected some wonderful, hardworking, well-deserving families. Stop by the construction site sometime and meet our families - we think you will be impressed! If you'd like to help build, call us, sign up online or meet at 701 E. Dodge at 8 a.m. on Thursdays and Fridays, and Saturdays.

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope.

We want to thank Rupert and Ruth Dunklau and family for giving back to this community and impacting lives. Many may not know all they and other donors have done for local organizations like ours. We want to say Thank you!

Habitat is ready to help rebuild our community.

Do you want to help Fremont families rebuild? Support Habitat in our efforts to help our 26 Habitat families that were impacted, and others in the community who need help. We will soon be putting together crews to start repairs. We are also accepting donations to help fund the necessary repairs. www.fremonthabitat.org

A donation envelope is enclosed for anyone wanting to donate to Habitat for Humanity. Thank you!
