

Building Homes, Building Hope

In times like these, there's nothing easier than getting caught up in the day-by-day news cycle. But hopefully we take a moment to remove ourselves enough to understand one important fact: at some point, the world will go on. We will bounce back from COVID-19 and the panic it induces.

When we do, we'll need to be stronger than before. Fremont Area Habitat for Humanity is no different. We haven't forgotten the mission we promised to fulfill: Seeking to put God's love into action, Fremont Area Habitat for Humanity brings people together to build homes, communities and hope. We hope you haven't forgotten why you chose to stand by us in the first place.

While most of us can't solve the COVID-19 outbreak, we can do our part to keep the community healthy—in more ways than one. As we practice social distancing and do our part to flatten the curve, we hope you'll also remember how Habitat needs you.

Our staff has been working from home since mid-March, the HomeStore has been closed, and volunteers on the construction site have been on hold. We are all anxious to return to "normal" but are taking our time to keep everyone safe.

Please continue to keep our Habitat family in your prayers. We have four families that are delayed again from purchasing a safe and secure home. These families were put on hold last year because of the flood, and are being impacted again this year. Our sub-contractors have been working on the homes as much as possible, so that when we are ready to start working, we can move! We would love to have you join us as we paint, lay flooring, put up trim and install cabinets. Watch social media for news of our re-opening, or just let us know you want to help.

year. You donated over \$8500 to
Fremont Habitat.**

Thank you!!

In Memory of Perry Laten

Although he had not been on the construction site the last couple of years, Perry Laten was a long time construction volunteer, continuing to help into his late 80's. Perry passed away on April 23rd at the age of 92. Thank you for all your years of hard work, Perry, helping families build a home and a future!

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope.

Please consider becoming a Groundbreaker. You can donate four times a year (we'll send a letter) or set up automatic payments monthly (then you don't have to do a thing).

Groundbreakers get invited to Dedications and all special events, plus they know that they are being a consistent help to Habitat and the families building their homes.

A donation envelope is enclosed for anyone wanting to donate to Habitat for Humanity. Thank you!

If you would prefer to receive this newsletter via email, please send an email to joy@fremonthabitat.org, and we'll add you to the email list.
